Hi, I would like to check in with the two of you regarding this request for technical assistance which came in yesterday. The discussion referred to below is a call we had with one of the OAP managers to talk about energy usage by data farms. I replied to the email to ask if they had any specific questions and received this in reply:

Ex. 5 Deliberative Process (DP)

I can send this to OAP to get the T.A. going but wanted to note that the bill does invoke cryptocurrency. I know there has been some conversation on how best to handle the Huffman letter we received so I thought I would pause to check in with the two of you.

Thanks, Pat

Subject: TA for bill

Hi Pat,

Hope you've been well. We spoke with you and your team a few months ago about E* for servers. We wanted to get TA on the attached bill text which does include reference to E*, could you advise us who to connect with for assistance?

Thank you,
Stephanie
